

May 3, 1999 Docket 99P 0033/CP 1

Dear Commissioner Jane Henney:

Please act on the HFA petition to end the practice of feeding dead infected animals to other farm animals. This is an unconscionable practice on the part of farmers and the Farm Bureau which fronts for farming abuses.

Your attention may prevent human deaths from eating contaminated meat. ~~At 8:00 PM on June 1, 1999~~  
Do what you can. Stay the course.

Armando G. Rosa
